14<sup>th</sup> October 2021

Dear Parent/Carer

## Key Stage 2 Water Week Walk

As part of our 'Global Week' on water, all of the children in KS2 will be taking part in a 6K walk in and around the village. This will be on Tuesday 19<sup>th</sup> October in the morning.

Whilst on this walk, we will be replicating and thinking about the distance people in less fortunate countries need to travel in order to access water. We will also be collecting different water samples along the way, which will provide a stimulus to further learning.

During the walk, the children will encounter different types of terrain, such as footpaths, stony walkways and outskirts of fields. Please can you make sure your child is in appropriate clothing i.e. tracksuit bottoms or joggers for trousers, warm coats and suitable shoes, such as walking boots or sturdy trainers.

Any questions, please do not hesitate to contact me or their class teacher.

Yours sincerely

Andy Baker  
Deputy Headteacher
