

Maple Class— Polar Explorers

Places to visit:

Sea Life Centre, Birmingham

Visit the penguins that live at the Sea Life Centre in Birmingham and find out about animals which live in the oceans around the world.

Place to visit:

National Maritime Museum, Green-

wich Become an explorer for the day and have a fun day out exploring the seas!

Website to visit: Andy's Adventures

Go on an adventure with Andy.

Things to do at home:

- Choose your favourite polar animal and make a model
- Make a Polar Region diorama (showbox scene)
- Find out what explorers eat on expeditions and taste different foods.
- Pack a suitcase for a hot climate and a cold climate.
- Go on a walk and spot the different signs of winter.
- Make a boat using cushions, boxes etc and go on expedition. Make sure you draw a map and put everything you need in your book.
- Find out facts about your favourite polar animal.
- Make a poster to save an endangered polar animal.
- Visit the library and read some books set in the Polar Regions.

Plan and go on your own expedition!

Decide where you are going to go, put the appropriate clothes on, pack some food and equipment and set off on your adventure! Maybe you will go to the woods, across the fields or to the seaside.

Place to visit: Cotswold Wildlife Park

Visit the penguins but also have a look at the other animals, which will be useful for our next topic.
